Dear Ms. Keenan Bengts

**Re: Request for Review
Department of Human Resources
Your File: 07-221-5 / Our File: 1029-20-HR0107**

This letter is in response to your correspondence of November 6, 2007, which was received by my office on November 8, 2007. Your correspondence included your Review Recommendation 07-30 with respect to a Request for Review filed by [REDACTED] in August 2007. Your correspondence referenced the Department of Human Resources' file number as 1029-20-HR108 but I would like to point out that the department's file number for this request is 1029-20-HR107.

Review Recommendation 07-30 reads as follows:

"..it is my opinion that the public body in this instance actively exercised their discretion to impose a fee for photocopying on the Applicant. S long as I am satisfied that discretion has been actively exercised, it is not for me to comment on the way in which the discretion was exercised. As a result, I make no further recommendation other than that the fee assessment can stand."

Accordingly, the Department of Human Resources will not take any further steps with respect to this Review Recommendation.

Sincerely

Louis Tapardjuk
Minister
