This letter is in response to your recommendations, which were received by my department on December 8, 2011.

After reviewing your recommendations regarding this request, my department will take the following steps:

- Provide the applicant with a copy of the two pages, which were inadvertently withheld, which was noted on page 4 and 8 of your report;
- We have reviewed your recommendations pertaining to the use of section 23(1) to sever statements provided by coworkers or other Government of Nunavut employees. We will follow your recommendations and will release those sections to the applicant;
- The decision to sever information within this report under section 14(1)(a) was done to ensure the integrity of this approach to solving high level disputes between employees within the Government of Nunavut. Section 14 (1) (a) was applied in a manner consistent with the ATIPP Act. Releasing this information could hinder the government's ability to obtain meaningful and honest advice of this nature in the future. My department will uphold the use of this provision within the requested information.

A copy of the information will be sent to [REDACTED]

Sincerely,

Eva Aariak  
Premier
