 Building Nunavut (English)

- b) *That in the interim, LCOs [LHOs] be reminded about their privacy obligations under the Access to Information and Protection of Privacy Act, including their responsibility to name a designated ATIPP coordinator to play the lead role for the organization for ATIPP issues which might arise.*

**Minister's Decision:** The first portion of this recommendation will be followed. The Nunavut Housing Corporation shall issue a memorandum reminding all LHO managers and employees of their obligations under the *ATIPP Act*.

The second portion of the recommendation will not be followed directly. The Minister Responsible for the Nunavut Housing Corporation, under section 69 (1) of the *ATIPP Act*, has authorized three individuals within the Nunavut Housing Corporation to exercise power and perform certain duties or functions as ATIPP Coordinators. Considering the relationship between LHOs and the Nunavut Housing Corporation, their existence as separate entities from the Government of Nunavut, as well as the operating capacity of each LHO, the Nunavut Housing Corporation authorized ATIPP Coordinators will act as the coordinators for each Local Housing Organization. The designated Nunavut Housing Corporation ATIPP Coordinators will liaise, as necessary, with employees of LHOs to ensure all ATIPP requests are answered in accordance with the *ATIPP Act*, and that other aspects of the *ATIPP Act* are fully followed and implemented appropriately.

- c) *That training with respect to ATIPP be provided to the ATIPP Coordinators and to management of all LCOs [LHOs] so as to ensure that these organizations fully understand their roles and responsibilities under the Access to Information and Protection of Privacy Act.*

**Minister's Decision:** This recommendation will be followed. The Nunavut Housing Corporation has already provided training to LHO managers and staff regarding their obligations under the *ATIPP Act*. The Nunavut Housing Corporation will continue to offer such training to ensure LHOs fully understand their roles and responsibilities under the *ATIPP Act*, and other territorial legislation.

- d) *That the Department of Executive and Intergovernmental Affairs take steps to review the list of "public bodies" listed in the regulations with a view to updating it so as to include all organizations which receive the bulk of their funding through the Government of Nunavut or another public body or who are bound to comply with the policy goals and objectives of a public body.*
