OCT 17 2014

Dear Commissioner,

I am in receipt of your Review Recommendation 14-081, and am pleased to provide a decision in response to your recommendations.

Thank you for your balanced and constructive written report. As you state in the report, fees allow public bodies to recoup some of the costs associated with requests for information, particularly where the request involves a large number of records. At the same time, a number of your observations will help clarify processes and principles for the individuals involved in processing ATIPP requests and calculating fees. I have directed the department's ATIPP coordinators to refer to your report when calculating fees in the future.

You also note that the Regulations are open to a number of interpretations. I am satisfied that the ATIPP coordinator was acting in good faith in his interpretation of the Regulations, but I accept the concerns you raise about specific aspects of the fee calculation and I agree with your recommendation that the fee assessed be reduced to \$696.50.

Thank you again for your report.

Sincerely,

Hon. George Kuksuk
Minister of Economic Development and Transportation
